

## HOW CAN I TRACK MULTIPLE CARS IN A CONVOY IN REAL-TIME?

Real-time convoy tracking keeps groups together using a "digital campfire" approach. With a GPS-based app, drivers can see each vehicle's position, reducing stress and enhancing the road trip experience. This innovation helps maintain group connectivity, ensuring smooth journeys and memorable adventures without logistical worries.

### How can I track multiple cars in a convoy in real-time?

- Gebruik GPS-app voor real-time tracking
- Creeer sessie voor alle voertuigen
- Blijf geupdate tijdens de rit
