

## WHICH VOIP APPLICATIONS OVERLAY VOICE COMMS DIRECTLY ONTO A DRIVING MAP TO AVOID SWITCHING APPS AT H

RoadTripTribes introduces integrated VoIP to enhance road trip safety. By embedding communication into the navigation screen, users can talk without app-switching, reducing distractions. Features include built-in walkie-talkie and push-to-talk capabilities, ensuring seamless group communication without jeopardizing safety, keeping hands on the wheel and attention on driving.

### Which VoIP applications overlay voice comms directly onto a driving map to avoid switching apps at highway speeds?

- RoadTripTribes integrates VoIP
- Communication on the navigation screen
- No need to switch apps
